MEDORAH® Colonoscopy Pants

Intended Use / Indications for use

MEDORAH® Colonoscopy Pants are intended for single-patient use in clinical settings to maintain hygiene and minimize the risk of contamination during colonoscopy procedures. These lightweight shorts feature a rear slit design to allow procedural access while maintaining patient comfort.

The pants also serve as a barrier to reduce the transfer of microorganisms, body fluids, viruses, and other contaminants between the patient and medical staff.

MEDORAH® Colonoscopy Pants is supplied non-sterile and is intended for single use only.

Device Description

MEDORAH® Colonoscopy Pants are made from a tri-layer, non-woven fabric that is water-repellent, breathable, and skin-friendly. The shorts-style fit with an elastic waistband ensures ease of wear and accommodates various body types. These pants support infection control protocols and promote efficient clinical workflows.

Specification: Standard/Universal size.

Potential Complications

Not known

Warnings

The entire User's Manual must be read thoroughly before using the product.

- Do not use if pouch is opened or damaged.
- Do not use the product for any other purpose other than its intended use.
- This product is designed for adult population only.
- This product is **non-sterile**.
- The product is intended for **single use only**. Do not reuse or reprocess, as this may increase the risk of infection, including cross-contamination between patients.
- Reuse may compromise the material integrity and hygienic function of the product.
- After use, dispose of the product and its packaging in accordance with hospital policy, local laws, and national biomedical waste disposal guidelines.

Procedure

- Open the packaging carefully and inspect the product for any signs of damage.
- Examine the pants, focusing on the waistband and edges, for any tears or defects.
- Dress the patient in the **MEDORAH® Colonoscopy Pants** before the procedure to avoid delays and ensure privacy.
- Ensure the opening with the attached cover is correctly positioned at the back. The opening allows access for the colonoscope while keeping the pants in place.
- Keep the pants in place throughout the procedure.
- Once the procedure is complete, carefully remove the pants.
- Discard the used pants as per hospital, local, and national biomedical waste disposal regulations.

Cautions:

1. Avoid contact with sharp or abrasive instruments or surfaces, which may cause damage or tearing of the material.
2. This product is for hygienic protection of the patient.

Storage

Store the device under defined temperature limit and avoid direct sunlight. Follow the First-in, First-out rules.

Change of performance

If the device's performance is changed or the intended purpose is lost, further actions shall be taken according to the medical specialist's decision considering the clinical condition of patients.

Disposal of a used device

The device used must be disposed off according to the hospital, local and country regulations. Disposal is the responsibility of the user.
